

TUITION AND SUPPLEMENTARY FEE BYLAW
Effective August 1, 2023

RATIONALE:

Tuition fees (including supplementary fees) will be students' contribution to the overall costs for direct instructional activities, including materials and supplies used in the delivery of programs, and studio and/or lab facilities.

Ancillary fees provide necessary support to the primary activities or operations related to improved student experience, services and learning, including; a Learning Resource fee for the enhancement of learning resources (inclusive of technology), a Student Services fee to support Healthy Campus initiatives and student's Transition to Work enhancements, an Activity fee for recreation facilities and programming, and miscellaneous service fees supporting services to students.

Student Union Fees are established by the Selkirk College Student Union and collected by Selkirk College on their behalf.

Separate fee schedules will be determined as required, specific to the requirements of individual Memorandums of Understanding that extend the College's programming opportunities through public/private partner arrangements.

2023/24 FEE SCHEDULES: (inclusive of In-Person, Online, Hybrid and HyFlex Learning)
