

KOOTENAY CONTRAPTION CONTEST FORM

Calling all kids in grades K-8. GLOWS challenges you to come up with the most creative, most imaginative “contraption” you can dream up to solve this question:

We use energy in our daily lives from turning on the lights to playing on our tablets. What are some ideas to make or save energy so there is more for everyone?

To enter illustrate your idea. Remember this form is a starting point to have fun. You can be create with anything from art supplies, illustrations, and even multimedia.
